

## EVERBUILD FOAM EATER

### DESCRIPTION

EVERBUILD FOAM EATER is a revolutionary product specifically designed to remove cured PU foam from all common surfaces.

### BENEFITS

- Readily digests cured PU Foam
- Ready for use paste - may be used vertically as well as horizontally with no slump.
- Low hazard – not classified as hazardous to health under current legislation.
- Water clean up.

### AREAS FOR USE

- May be used on all common window and door frames, most plastics, brick, stone concrete, certain textiles and painted surfaces.

### LIMITATIONS

- ALWAYS TEST A SMALL AREA BEFORE USE. In all cases, apply a small test patch to an inconspicuous area. Leave for 1 hour and wipe off with a damp cloth.. Check for staining/corrosion before attempting the whole job.
- May attack certain fabrics/textiles (PU foam backed), PU coated (re-enameled) baths and any surface containing PU.
- Certain natural stones and marble may be stained by the application of FOAM EATER

### SURFACE PREPARATION

All surfaces must be clean and dry. Foam MUST be cured. If the foam is in its uncured state, remove with EVERBUILD FOAM CLEANER.

Cut away as much as possible of the cured foam using a sharp knife. Protect surrounding areas with impervious masking tape.

**APPLICATION**

Open tub and apply using a wooden spatula or similar in a 1-2mm thick layer over the surface. Leave for 1 hour and simply wipe off with a damp cloth. If residues still remain, simply repeat the procedure. DO NOT EXCEED A DWELL TIME OF 1 HOUR PER APPLICATION.

NB ALWAYS TEST A SMALL AREA FIRST TO ENSURE COMPATIBILITY

**SPECIFIC DATA**

APPEARANCE:	Paste	APPLICATION TEMPS:	+5 - +30°c
COLOUR:	Pearl white	TIME TAKEN FOR EFFECT:	1 hour max.
ODOUR:	Mild.	EXPLOSION LIMITS:	N/D
BOILING POINT:	-	DENSITY:	N/D
FLASHPOINT:	N/D	COVERAGE:	150cc per pack will cover ca. 0.08m2 at 2mm thickness.
SOLUBILITY:	miscible with water.	VISCOSITY:	Paste.

**HEALTH AND SAFETY**

Do not breathe vapour. In case of contact with eyes, rinse immediately with plenty of water and seek medical advice.

Use only as directed. Keep out of reach of children. Wash hands after use. Wear disposable gloves/eye protection.

**STORAGE**

Store in cool dry conditions between + 5°C and 25°C. AVOID ALL CONTACT WITH MOISTURE. After several weeks of storage, fluid may form on the surface of the paste. Simply remix with a spatula before use. This does not effect the quality of the product.

**SHELF LIFE**

12 months from date of manufacture.
